

Symptoms Screener

The safety, health and well-being of our students, staff, families and community is a top priority. The NC DHHS StrongSchoolsNC toolkit requires public schools to conduct a COVID-19 symptom screening and temperature check of any person entering a school building. For this reason, we will be asking each student and visitor to complete the CCS Symptoms Screener survey each day before reporting to school.

Step 1

Each morning, the CCS Symptoms Screener will come to your CCS student email address with a link to complete the survey or you can access a link on the CCS website: www.ccs.k12.nc.us.

Step 2

In order for your child to board a CCS bus, you must complete the parent attestation question included in the electronic survey. This attestation question must be completed once for each child, prior to riding the bus.

Step 3

Select the preferred language option to complete the CCS Symptoms Screener Survey.

Step 4

Please be as honest as possible when answering all three survey questions related to possible COVID-19 exposure and symptoms.

Step 5

Based on your responses, you will either see a green checkmark enabling you to go to school or a red X mark with further instructions. Please remember to screenshot the "approved" message on your phone/device to show to school staff each morning as this will aid in a smooth entry each day.
