

# Junior Student 2 Student®

The MCEC *Junior Student 2 Student*® (JS2S™) is a school-sponsored program for civilian and military-connected middle school students designed to welcome new students and support their transitions.

Participants in the program are trained on methods to support students relocating to or from their school. The team then returns to their home school to recruit and train others. The focus is student-centered and student-led, under the close supervision of a teacher or school counselor.

## Reported JS2S team strengths by core values

## Learning Outcomes:

- ▶ Address the challenges faced by students as they transition in or out of school
- ▶ Identify and apply four key issues of transitioning students: **academics, finding the way, relationships, and acceptance**
- ▶ Recognize life stage changes, childhood stressors, and the additional stressors military-connected children face

“This training was fun and made me very confident about helping new people.”

The Military Child Education Coalition (MCEC) is a 501(c)(3) nonprofit, worldwide organization founded in 1998 to ensure quality educational opportunities for America's military-connected children. Mobility, family separation, and transition impact the children of our nation's service members and veterans. MCEC supports them by conducting research and developing resources to meet their needs.
