

Student 2 Student®

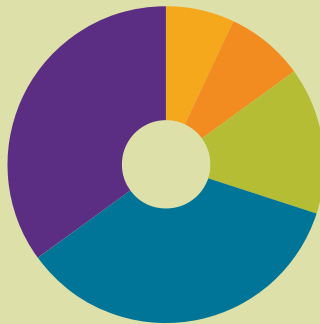

100% Acceptance

The average military-connected student moves six to nine times during their K-12 years. Students faced with frequent moves must constantly integrate into a new educational system, new community, and find new friends.

The MCEC *Student 2 Student*® (S2S™) program is a student led organization that welcomes incoming students to their school and helps departing students prepare for their next school. S2S eases transitions and creates a positive environment.

“S2S has made me a more caring person, one who can see and feel what others are experiencing. I have loved being a part of FWBHS and it is a large part of who I am. I know that if I do the right thing in S2S that other kids, just like me, will feel like they have come home and they belong.”
