PROJECT LEAD THE WAY

PLTW

Courses May Include:

- ◆ Health Team Relations
- ◆ PLTW/Principles of Biomedical Science
- ◆ PLTW/Human Body Systems
- ◆ PLTW/Medical Interventions
- ◆ PLTW/Biomedical Innovation
- ◆ Health Sciences II
- ◆ Advanced Studies

The Academy of Health Sciences offers:

- ◆ Project Lead The Way; curriculum that provides a rigorous and relevant STEM Education
- ◆ A comprehensive and intensive program designed to prepare students to enter post-secondary programs in health care.
- ◆ Opportunity to earn certification in CNA I & II and Basic EMT through FTCC High School Connections.
- ◆ Advanced Studies provides opportunity for students to spend 65-75 hours in a clinical internship mentorship.

Students can earn college credit for PLTW classes.

The Cumberland County Schools and its Career and Technical Education Programs do not discriminate against any person on the basis of race, color, national origin, sex, religion, disability, or age in its activities and programs, including employment policies and practices.
